### **China Clean Energy Appoints New Independent Auditor**

**Fuqing City, China -- April 14, 2008 --** China Clean Energy Inc. (OTC Bulletin Board: CCGY.OB) (“China Clean Energy”, “the Company”), a leading producer of biodiesel fuel and environmentally-friendly specialty chemical products made from renewable resources in The People’s Republic of China (“PRC”), today announced it has engaged Moore Stephens Wurth Frazer and Torbet, LLP as the Company’s independent auditor.

On April 9, 2008, the Company engaged Moore Stephens Wurth Frazer and Torbet, LLP to serve as the Company’s independent auditor effective immediately. Moore Stephens Wurth Frazer and Torbet, LLP is an international independent auditing firm serving clients in many industries and geographic locations, and through its association with Moore Stephens International Limited in London has an international accounting network with over 621 offices in more than 95 countries.

The Company’s consolidated financial statements for the fiscal year ended December 31, 2007 were audited by Michael T. Studer CPA P.C. The audit report prepared by Michael T. Studer CPA P.C. for this period did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles. There were no disagreements between China Clean Energy Inc. and Michael T. Studer CPA P.C.

#### **About China Clean Energy:**

China Clean Energy, through its wholly-owned subsidiaries, Fujian Zhongde Technology Co., Ltd. and Fujian Zhongde Energy Co., Ltd, is engaged in the development, manufacturing, and distribution of biodiesel fuel and specialty chemical products made from renewable resources. Since its inception, the Company has been engaged in the manufacture of high-quality specialty chemical products from renewable resources. Through its research and development efforts, the Company developed a proprietary process for refining biodiesel fuel from waste grease and certain

vegetable oils. Using this proprietary process, China Clean Energy began producing biodiesel in 2005 and commenced selling biodiesel commercially starting in December 2005.
